**\$352,707.00 DEPOSITED
AT FIVE PER CENT.
SAFE, SECURE, CONVENIENT
FOR SAVINGS AND
DEPOSITS.**

Nine years ago The Lima Home & Savings association began paying 5 per cent for deposits in any amount with privilege of compound interest. On account of the safe and secure manner in which such deposits have been handled, many people of large and small means, have accepted the very liberal opportunity of having their funds invested at a rate that is worth while, until nearly \$353,000.00 have accumulated earning 5 per cent. These deposits are used by this Association only for loans on city and farm homes in Lima and vicinity. Nothing but first mortgages are taken to secure these loans; ample insurance is required for the Association's protection, as well as frequent reduction of principal.

Another feature of safety is the annual examination by state authority to which this Association is subjected. The last examination was completed on the 20th of May, 1909, and included an investigation of all of the Association's investments and securities.

All persons with money to lay by at the liberal rate this Association has been paying for many years, who are seeking a place where safety, security and convenience are in every transaction of its business, are invited to its office in the Masonic Building, west of the post office, Lima, Ohio.

MANAGERS BIDDING

FOR WALTER JUSTUS.

President Armour of the Toledo

club, hustling for baseball talent, has

just made a fashionable offer to the

owners of the Lancaster club of the

Ohio State League for pitcher Wal-

ter Justus, whose work last season

and this has been the sensation of the

company.

Armour recently made a trip over

the Ohio State circuit, and was so

impressed with the work of Justus

that he made a bid of \$2,000 for the

twirler's services.

But Armour was not alone. Con-

nie Mack has tried to buy the fling-

er. Owner Murphy, of the Cubs, has

also been around with a nice propo-

sition. The Lancaster people, fig-

uring that Justus might bring them

a lot more money later on, would not

give an option to Armour or the

other magnate.

Justus has been pitching double

headers with great regularity this

summer, and has been winning them

constantly. He was tried out by St.

Louis this spring, but was not in

good shape and did not stick.

Justus once pitched for Kansas

City in the A. A. and had wonderful

speed at the time, but lacked con-

trol and drifted back to the lesser

minors.

Last summer he was sold to Co-

lumbus, but the sale was not allowed

for the reason that Justus didn't re-

port during the playing season. Then

he was drafted for a paltry \$300 by

St. Louis.

VETERANS ARE EDUCATING

YOUNGSTERS IN BASEBALL.

Harry Davis and Eddie Plank, two

of the veterans of the Athletics, are

now training two youngsters who

will probably supplant them in their

jobs. Davis, realizing his days as a

first baseman are almost over, is ed-

ucating young Barr to take his place.

Harry shows the recruit every little

trick known to the first baseman and

never loses an opportunity to point

out how Barr's playing could be im-

proved.

Plank has taken Krause in hand

and is showing him all the little in-

tricacies of the pitching game in the

big leagues. Plank says Krause will

be the greatest southpaw the game

has ever known. Everything that

Plank can do to make this prophecy

come true he is doing.

DISAPPEARED FROM ADAMS EXPRESS COMPANY CAR BETWEEN CALESBURG AND CHICAGO.

Special to The Daily News.

Chicago, Ill., July 19.—A package containing \$10,000 being conveyed by the Adams Express company from the National Bank of the Republic of this city, to the Second National Bank of Monmouth, Ill., is said to have disappeared from a Burlington train some time last week.

The package is said to have been taken from the train somewhere between Galesburg, Ill., and this city. Assistant General Agent George Hutchinson, of the express company, refused to discuss the story today, and other officials of the company were equally reticent.

Robert M. McKinney, cashier of the local bank, said to be involved, also refused to discuss the matter.

REPORTS WERE NOT EXAGGERATED

Many Local People are Testifying.

The Root Juice instructors made many lasting friends while here. Their wonderful remedy has done worlds of good at this point and reports of cures are being circulated from every direction. The drug store is more busy than ever wrapping up Root Juice and listening to the many flattering reports of the great good it is doing.

Mrs. Sarah Collins said "I used to boast so at times I could hardly get my breath, sour gases would form in my stomach and dull, heavy headaches were at times so bad I felt I would go crazy; my tongue coated and I always had a bad taste in my mouth. My hands and feet were cold at times, and at other times they would burn like fire, but thank my good stars after hearing so much about Root Juice, I went to the drug store and bought a bottle of it and after using the first bottle I went back and bought two more bottles. I have used it all and don't think I will need any more as I feel as well as I ever did in my life."

Root Juice seems to be good for any trouble of the stomach, liver, kidneys, bowels or blood. It is sold for one dollar a bottle or three for two dollars and a half at W. M. McKinnon's drug store.

ONE-PIECE TUCKED DRESS.

Simple designs are favored by both mothers and children, the former appreciating garments that can be quickly cut out and put together and the latter being most comfortable in dresses that do not hinder their freedom in any way. For tub materials the dress shown is especially suitable, as there are no tucks on it to cause trouble in its laundering. Delft-blue linen with blue-and-white embroidered insertion would be an attractive development. The pattern is easy to use since all seams are allowed for.

2753—The closing of the dress is made at left side of front. Pattern is cut in 3 sizes, for children 1, 3 and 5 years of age. To copy for a child 3 years of age, it needs 3 1/2 yards of material 27 inches wide.

Any person desiring to procure this pattern may do so by sending 10c to this paper, giving the number, 2753 and the size desired.

Sermon by
CHARLES T. RUSSELL
Pastor Brooklyn
Tabernacle.

The Heathen For an Inheritance.

Text, "Ask of me, and I shall give thee the heathen for thine inheritance, and the uttermost parts of the earth for thy possessions" (Psalm 8, 8).

Oakland, Cal., July 18.—The Bible Students' Convention of Believers in the Attraction of the Previous Week opened here yesterday. Pastor Russell, of Brooklyn Tabernacle, New York, was the principal speaker on the program today. He made two addresses. We quote one of these as follows:

Our text is from one of the Messianic Psalms. It represents our Lord as making known to his people the Heavenly Father's decree rewarding him for his faithful service as our Redeemer, assuring him of his exaltation to the Kingdom, and that with this will come the inheritance of all the earth, with power to fully subject all things to the Heavenly Father's will. He was to have it for the more reward—"Ask of me." As a matter of fact, this world-wide dominion has not yet come to Messiah; the heathen are not yet his inheritance; the uttermost parts of the earth are not yet his possession. Indeed, as the Prophet declares, "Darkness covers the earth, and gross darkness the heathen."

When we remember our Redeemer's love for the race, the love which led him to lay down his life "to seek and to recover that which was lost," we are inclined to amazement that he has not yet asked the Father for his inheritance of the heathen—we are astonished that he has permitted "the prince of darkness" and the "reign of sin and death" for more than eighteen centuries since he suffered, the just for the unjust, that he might bring us to God. Our perplexity in the matter might well be answered by our Lord's words to the Sadducees, "Ye do err, not knowing the Scriptures nor the power of God." As we come to understand the Scriptures more fully, and to appreciate how the power of God will be exercised in bringing the heathen under the dominion of the Redeemer, the eyes of our understanding open and we are enabled to rejoice accordingly.

Why He Did Not Ask.

Our Lord did not ask for his great power to reign at an earlier date because he knew the Father's plan, and was well contented with the Divine times and seasons; he had no wish of change in this. He did not ask to receive the heathen for an inheritance at the beginning of this Gospel Age, but has been content to wait and place that request in its due time in harmony with another feature of the Divine program which must first be fulfilled. That other feature is the selection of the Church, the Bride of Christ, the members of His Body. It pleased the Father to make our Lord not only the world's Redeemer, and the world's King, but also to make him the High Priest of an Underpriesthood, the Bridegroom of the Church, his Bride; the Elder Brother of these saints of glory whom the Father is pleased to have developed during this Gospel Age as "New Creatures in Christ Jesus"—shareholders in his sufferings, and of his glory to follow.

Meanwhile the heathen have been suffering no damage. Born in sin, shapen in iniquity, condemned to death, they were having experiences with sin and death, and going down to the great prison-house for periods of unconsciousness—until the Redeemer at his second advent shall call them and all mankind from the great prison-house, the tomb. This he foretold saying, "All that are in their graves shall hear the voice of the Son of Man and come forth." This will include not only the Church of the First-Born ones, who have been approved of God, and who, passing trial now, will come forth unto life eternal, but it will include also all the remainder of mankind, those who have not had God's approval, all of whom, because redeemed, shall come forth unto judgment—trial. A fair trial will be theirs, to determine their worthiness or unworthiness of life eternal by the manner in which they will receive or reject the Christ of God when, during the Millennium, the same shall be made fully known to them.

It was part of the Divine purpose also that the whole earth should be filled with people, and hence the bringing forth of a progeny is a part of the Divine will. The few short years of the present life, with experience of sin and death conditions, will in due time be supplemented by the glorious period of the Millennium, with its grand opportunities for lessons of righteousness and obedience and rewards. Its corrective "stripes," or punishments, to the careless will be to the extent that so many as possible may ultimately be entirely recovered from death conditions and brought into full accord with God in Christ. And others, demonstrating their unwillingness to come into heart sympathy with righteousness, will be utterly destroyed from amongst the people (Acts 13, 23).

The More Excellent Way.

So, then, our Lord's reason for not asking sooner for the heathen as his inheritance, and the remotest parts of the earth for his possessions, was because he knew the Father's plan to be a different plan, and that it was the more excellent way, and he delighted to do the Father's will. And so with

all the followers of Christ: So soon as they ascertain the Father's glorious plan of salvation, they find it to be soul-satisfying, and greatly prefer it to any plan of their own. It is the undeveloped Christians, whose the Apostle designates "babes in Christ," who are continually praying to the Heavenly Father for a change of the Divine program, imagining that their wisdom and their love in respect to the heathen are superior to those of the infinite Creator. Nearly all Christian people have had their experience with such ignorance, and we are glad to suppose that the Heavenly Father had not the sin of such presumption on our charge, but rather sympathetically appreciated our interest in the heathen, although he must have deprecated our lack of reverence, our headiness, our high-minded assumptions of more than infinite wisdom.

We are not saying a word against missions—home and foreign. Quite to the contrary; we believe that every Christian should labor with heart and hand to do all in his power to glorify the Father and the Redeemer, and to enlighten his fellowmen respecting the cross of Christ, and the blessings and privileges which it secures. But while gladly, willingly, serving the divine cause, "instant in season and out of season," we should learn to labor and to wait. We should learn that the laboring under present conditions is chiefly arranged for our benefit—for the development in the minds of the Royal Priesthood of the sacrificing qualities, and the graces of the holy Spirit—meekness, gentleness, patience, faith, long-suffering, brotherly kindness, love.

Co-workers Together With God.

Let us be sure, dear friends, that any theory of ours respecting the heathen, or any other feature of the Divine program, which in any degree implies superior wisdom, or superior energy, or superior love, on our part, as compared with that of our Heavenly Father and our Redeemer, must be wrong. The sooner we learn to pray from the heart, "Thy will be done," the better it will be for us, the more will we be able to get into harmony with our Lord, and the more will we be used as his ambassadors and representatives. The wisdom of man is foolishness with God, and the wisdom of God is foolishness with man, hence we must not take the human standpoint in investigating or reasoning upon the Divine purposes and program. Rather, we must go direct to the Word of God, that we may be taught of God, that we may discern the beauty, the harmony of his plans.

It is written that obedience is better than sacrifice, and this being recognized, how careful it should make us to inquire what the will of the Lord is; to search the Scriptures, that we may there ascertain the Divine program, and be found in harmony therewith. There we find that the Lord's present work is the completing of the Royal Priesthood, the Royal Judge, the Royal Prophet, the Royal Mediator, the Great King, for the world of mankind—for the world's deliverance from the bondage of sin and death, and their assistance back to harmony with God. Thus seeing, we will have patience in respect to the heathen, and strive now to make our own calling and election sure, and lay down our lives for the brethren in assisting to build them up in the most faithful faith, "until we all come to the measure of the stature of a man in Christ"—the great Mediator of the New Covenant, of which Jesus is the Head.

Converting the World.

When will the world be converted? When will Christ ask for the heathen? When will the Father give them to him? How long, O Lord? The Scriptural answer, dear friends, is, that it has pleased the Father to select the "jewel" class during this Gospel Age by means which the world would think foolish by means of the preaching of the good tidings. But his program for the future age is different. There are millions who have no ear to hear the preaching of the cross of Christ. There are millions who have no eye of faith to see the glorious things of God. In fact, according to the Scriptures, only a "little flock," comparatively, can be brought into accord with the Lord under the conditions of the present time because sin abounds, because death reigns, now works antagonistically in the hearts of the children of disobedience.

Hence it has pleased God to have a different method of dealing with the world of mankind in general from that which he adopted for dealing with the Church in this Age. In the next age force will be used, and not merely moral suasion. Force will be employed in putting down the reign of evil. Satan will not merely be requested to desist from deceiving the world, but will be bound for a thousand years, and he unable to deceive the nations. I speak so, mankind will no longer be invited to accept Christ, and to give their hearts in obedience to him, but, on the contrary, they will be compelled to be obedient. As it is written, "Until him every knee shall bow and every

tongue confess, to the glory of God." Officers of grace will no longer be held out, with reward for faith attached, instead knowledge that the whole earth as the waters over the great deep (Genesis 1, 10, 11; Isaiah 40, 5). As a result, no one shall then say to his neighbor, or to his brother, "Know thou the Lord" for they all shall know him from the least unto the greatest of them (Jeremiah 31, 34).

Heathen Fall Under Him.

Another Psalm describes Messiah's triumph in the Millennium Age, saying, "Gird thy sword upon thy thigh, O most Mighty, with thy glory and thy majesty. And in thy majesty ride prosperously in the cause of Truth and Meekness and Righteousness; and thy right hand shall teach thee terrible things. Thine arrows are sharp in the heart of the King's enemies; whereby the people fall under thee" (Psalm 45, 3-5). Instead of the word "people" here, read the word "heathen" as in the original, and we have a picture of the conversion of the heathen as it will shortly be accomplished. We are not to suppose the Lord will ride upon a horse, nor that literal arrows will literally pierce the hearts of his enemies. We are to understand this picture to signify our Lord's triumphant conquering of the world, and that the arrows of truth which will go forth unto the whole world will reach the hearts of men, and smite them down. Even so we read that when St. Peter preached at Pentecost that the Jews had taken and crucified the Son of God, the hearers were cut to the heart with the lance of truth. Thank God for such arrows from the quiver of Divine wisdom, justice, love. We rejoice that the heathen will thus be conquered for the Lord, and thus eventually every knee bow and every tongue confess.

This work of dealing with the heathen, with the world, with all except the Church, will begin with the generation living at the time of the establishment of the Lord's Kingdom. In due time it will proceed and ultimately include all that are in their graves. In the reverse order from that which they entered, and the last shall be the first to come forth—"every man in his own order" or class.

Too frequently do Bible students neglect to see whether or not their interpretations are in harmony with the context of the passages under discussion. Let us not make this mistake. Turning to the second Psalm, we find that, following our text and a part with it, is the declaration, "Thou shalt break them with a rod of iron; thou shalt dash them in pieces like a potter's vessel" (verse 9). The application of this evidently is to the time for our Lord's second advent, when the selection of the Church shall be completed, and she shall have entered into his glory as the Bride, the Lamb's Wife, symbolically pictured in the New Jerusalem from God out of heaven. From that New Jerusalem we are told that the river of the water of life shall flow freely, and that whosoever will may partake of it freely—all that are thirsty. On either bank will grow the trees of life, whose leaves are for the healing of the nations. And the Spirit and the Bride will say Come, and whosoever will may come and take of the water of life freely. But meantime, before the nations, the world, will be ready for that blessing from the New Jerusalem, they must needs pass through a period of very deep humiliation—"a time of trouble such as never was since there was a nation."

As for the nations of that time, the extent to which they will suffer destruction will depend largely on their own attitude, as is intimated by the verses following our text. Those of the nations who freely and heartily accept of Messiah's rule will be correspondingly saved from the breaking process. Hence it is urged, "Kiss the Son, O ye kings of the earth; kiss the Son, lest he be angry with you and ye perish from the way, when his wrath is kindled but a little." But while this seems to offer leniency, mercy, these favors are conditional on the manner in which the Messianic Kingdom shall be received. Other Scriptures seem to intimate that all the nations, not only heathen but civilized, will be found in violent opposition to the heavenly Kingdom, and hence that all together they will be crushed as the vessels of a potter.

The Glorious Outcome.

The Lord tells us that as the heavens are higher than the earth, so are his ways higher than man's ways, and his plans higher than man's plans. And this we find true as we come to better understand the Scriptures. Who ever dreamed of such lengths and breadths and heights and depths of love divine, all love excellent, as are implied and included in God's great plan of selecting, first the Christ—Jesus the Head and the Church, His Body—and then through these blessing all the families of the earth with a knowledge of Himself and the glorious opportunities for life eternal? We make no claim of universal salvation, because the Scriptures do not authorize this, but distinctly speak of some who will die the Second Death, proving themselves not sufficiently in harmony with righteousness to be worthy of eternal life—even after having brought to a knowledge of the Truth. But the Scriptures do show us that when all the unwilling and disobedient shall have been cut off in the Second Death, then the whole earth shall be filled with the knowledge of the glory of God, and every creature in heaven and in earth and under the earth, shall be heard acclaiming praise, honor, glory, dominion, and might, to him that sitteth upon the throne, and to the Lamb forever. And he upon the throne declares, Behold, I make all things new. And there shall be no more sorrow, and no more crying, and no more pain, for the former things shall have passed away (Revelation 21, 1-3).

PLACES

Of the Striking Street Car Men Being Filled

TWO THOUSAND MEN START THE OPERATION OF THE M'KEES ROCKS MILLS.

A FULL QUOTA OF MEN WILL GO IN WEDNESDAY

IF THE CLAIMS OF THE COMPANY OFFICIALS ARE WELL FOUNDED.

By United Press.

Pittsburg, Pa., July 19.—Although strike-breakers are filling the places of the 5,000 striking workmen of the Pressed Steel Car company's plant, everything is reported quiet at McKees Rocks. According to officials of the company, 2,500 men filled into the plant at 7 o'clock Monday morning, ready to go to work.

President Hofstatt made the following statement:

"With proper police protection, we expect to be working our usual quota of men by Wednesday. We have 2000 men at work today, and there are enough men in McKees Rocks to fill the places of the old men who do not want to go into the mill. Many of the old men are going back to work, however, and the places of the others are being rapidly filled."

No More Disturbance. No effort has been made by the company's officials to import men, and it is not believed there will be any more disturbance unless this is done.

Members of the state constabulary were on hand to guard anyone who cared to go to work, but their services were not needed, as most of the strikers remained quietly at their homes. The provisional strike leaders declare that only a handful of their men have returned to work and say that if they do not go back to work in a body the company cannot operate.

The order was excellent Sunday—so good, in fact, that Lieutenant Smith, of the constabulary, withdrew his tired troopers from the streets and permitted them to rest within the stockade. Occasionally a trooper afoot looked about the town, but patrol was unnecessary.

TARIFF CONFEREES

AGREED TO ADOPT CORPORATION TAX AS AMENDED.

By United Press.

Washington, July 19.—The tariff joint conferees today agreed to adopt the corporation tax amendment as re-drafted by Attorney General Wickersham, with the assistance of Secretary Elihu Root.

The tax is made one per cent, and holding companies are exempt. There are also exceptions for mutual benefit insurance and building and loan associations.

Both the Attorney General and Secretary Root appeared before the conferees to explain the details of the measure which will take the place of the inheritance tax adopted by the House.

Big Fight Purses Absurd.

Purses of \$200,000 for professional fighters on the very face of them cannot appear anything but absurd.

There is a limit to everything. The greatest crowd that ever witnessed a fight turned out to see the Burns-Johnson battle in Sydney last December. There were over 18,000 spectators, and though the choice seats sold for \$25 each, less than \$120,000 was realized on the gate. It is doubtful if America could do even this well. Of course Jeffries and Johnson would be the greatest card ever staged. But not more than 20,000 people would part with the coin. These would have to average \$10 each to pay the bare purse. Even the Alaska-Yukon exhibition people are not throwing money away to advertise their affair.

Evers and Walsh Fined.

Fitcher Ed Walsh of the Chicago American league team and Second Baseman John J. Evers of the Chicago Nationals each had to pay a fine of \$100 for failure to report to their respective clubs before May 1. The players were rebuked, and the announcement of the fine was made by the National baseball commission at Cincinnati.

Jockey Notter Receives \$10,000 Salary.

Two American jockeys rode for the first time in Germany at the opening of the season at Karlsruhe. They are Notter and Radtke, and they ride for the Weinberg and Haniel stables, respectively. It is reported that Notter receives a higher salary than a Prussian minister, whose pay is about \$10,000 annually.

MADE DARING ATTEMPT IN FACE OF MOST UNFAVORABLE CONDITIONS.

Special to the Daily News.

Claris, France, July 19.—Plunging from a height of 350 feet into the English channel, eight miles off the coast of France, the Monoplane of Hubert Latham came to grief today in an attempt to cross the channel in competition for the London Daily Mail's prize of 5,000 pounds. Latham's flight was made under circumstances that made the daring attempt fool-hardy and was attended by a narrow escape from death. Stung by taunts of friends and newspaper men that his fiasco of former flights was due to a lack of nerve, Latham made today's flight in the face of the most adverse conditions. After falling into the sea, he was picked up by French torpedo boat "Harpion" which set out to rescue him and to bring the monoplane toward shore. Latham says after repairs are made he will make another attempt. He said the cause of the accident was the stopping of an engine which was unavoidable.

RUSSIAN

SOLDIER WHO WAS BEING FLOGGED FOR A SLIGHT OFFENSE

WRENCHED HIMSELF FREE AND KILLED THE SUPERVISING OFFICER WITH KNIFE.

Special to the Daily News.

St. Petersburg, July 19.—The system of flogging, which is still used as a means of punishment in the so-called disciplinary battalions of the Russian armies, led to a tragedy today at Miedvies, Novgorod Province. A soldier was condemned to fifty lashes for stealing. After the first few blows, with blood streaming from his shoulders, the man begged to be released. This was refused and he wrenched himself free, at the same time drawing a concealed knife. He leaped upon the supervising officer, Captain Kavalerosky, and stabbed him to death. Then he slashed two soldiers who attempted to seize him and buried the knife in his own breast.

Offering Money

Now isn't this sense? A man who advertises that he wants to buy something, is likely to be pretty eager, even if he has to pay a good price. And if the thing he wants to buy is something you have, then it really means that the advertiser is OFFERING MONEY TO YOU. And if anybody is out with an offer to pay money for something that you are willing to part with, surely you want to know about it, don't you? How will you ever know about it if you don't look through the Market-place of the Munnimakers every day?—the live, enterprising, snappy offers that are made in the little classified ads in the News?

Lancaster, Ohio, July 19. — At Junction City the Purvis Turner Oil and Gas company has drilled in a test on the A. J. Bennett farm into the sand 15 feet and has developed a little oil. This location is 400 feet east of the test on the D. G. Grigg's lot, which is still holding up at 50 barrels a day.

The Holiday Oil and Gas company has started to drill a test on the Harry Bringardener farm in the Rushville end of the deep sand field. In Richland township, Fairfield county, the Ohio Fuel Supply Company has test on the Bert Wolfe farm and has a duster. This location is 1000 feet northwest of the same company's No. 4 on the J. G. Ruff farm.

Twelve Months Exports. The total exports of crude petroleum and its products from the United States for the 12 months ending June 1909, were 1,433,867,818 gallons, with a value of \$101,953,197. The quantity and amount, for a similar period closing June, 1908, were 1,290,027,369 gallons of the value of \$101,165,164. This is an increase in quantity for the past 12 months of 93,839,449 gallons and an increase in value of \$817,843.

The figures for June, 1909, show an increase of 2,398,138, gallons over a similar period in 1908, but there is a shrinkage of \$843,201 in the total of values. The increases in quantities are: Crude, 3,302,695 gallons; naphtha, 5,632,501 gallons; lubricating and paraffine, 1,241,284 gallons; and residuum, 3,529,096 gallons. The shrinkage in values is explained by the decrease in refined exports for June, 1909, which was 16,107,249 gallons and \$1,523,337 less in value than in June, 1908.

CONNECTING NEW YORK WITH JERSEY CITY ARE OPENED.

By United Press. New York, July 19.—The Hudson & Manhattan Railroad company's twin tunnels under the Hudson river, connecting New York with Jersey City were opened formally, today. Elaborate ceremonies were participated in by New York and New Jersey prominent citizens. At ten o'clock this morning the first train began its trip under the river, the ferries and steamboats blowing blasts of welcome. Twenty dynamite bombs were exploded to announce the opening of the \$70,000,000 tubes. At two in the afternoon the subscription train passed under the river, and at three the traffic was opened to the general public.

In Bed With a Snake.

For one thing last night must have credit: snakes are not numerous, as they are in the south—at least I never have seen many. There are pythons, but they do not appear to be dangerous. I shall never forget how down in South Africa during the war, I once awoke and found a big black mamba in bed with me. The snake is absolutely deadly. It frightened me so that after the whole thing was over I went out and was sick. Fortunately I was quite ignorant of the fact that it was under the blankets with me and rolled out unobserved. Had I known it was there in all probability it would have struck me.—Forest and Stream.

They'll be off at Lima's beautiful
driving park promptly at the word
of Starter Bain at two o'clock.

The above program for the opening
day with the Exhibition mile of
Gold Standard, 2:11 1/2, the greatest
living race horse in the world, will
afford an afternoon of not only
pleasure to every lover of horse flesh
but an amusement for everybody,
delighting in an afternoon of high
class reputable sport.

Horsemen and horses are here
from every part of the Central West
and still arriving, while also here
are a number of the very best stables
to be seen later in the Grand Circuit.
The early entrance plan adopted for
a number of the purse events proved
one of the best cards ever put out,
and brought here strings which
might not have come had no pre-
viously made entrance.

The best of music has been pro-
vided, and every accommodation for
ladies has also been made. The high
plane upon which the Lima races
have been conducted in the past
will be in evidence and the grounds
will be well policed at all times and
any misconduct on the part of an
individual will quickly meet with ap-

REVOLVER

Was Brought Into Play
By Michael Lim-
baugh

AND HE OBTAINED THE STRAN-
GER UNTIL THE ARRIVAL
OF THE POLICE.

A PAIR OF TROUSERS
WAS CAUSE OF TROUBLE

PRISONER CLAIMED PICKED
THEM UP ON THE STREET—
WAS LOCKED UP.

About noon Monday, Sergeant of
Police Armstrong was called to the
store of Michael Limbaugh, on east
Wayne street, and when he arrived
on the scene he found Mr. Limbaugh
holding a prisoner in tow, awaiting
his arrival. In order to be sure that
the officer would not make the trip
for nothing Mr. Limbaugh had a big
revolver within reach with which he
was detaining his prisoner to turn
him over to the officer.

The trouble for which the prisoner
was being detained was all over a
pair of trousers which seems to have
belonged to Mr. Limbaugh's store.
The latter found them in the posses-
sion of the man whom he detained
for arrest. The man gave his name
as Thomas Wilson, occupation, labor-
er, and claimed the garments had
been purchased by an old man and
had been dropped on the street by
the latter. He stated that he had
found them and was returning them
to the store from which he supposed
they had been purchased.

Sergeant Armstrong thought the
mayor was the proper person to de-
termine the case upon its merits and
he took Wilson to the police station,
to be arraigned before the mayor
Tuesday morning.

If it gets too hot to wear clothes
don't—only, close the door first.

THE ROUND-UP.

The Central Electric Traffic as-
sociation held their regular monthly
meeting in Indianapolis, Saturday.
The association will hold their regu-
lar annual meeting the next meet-
ing being at Indianapolis on Septem-
ber 15.

The Central Electric Railway as-
sociation of the middle west, will hold
their meeting in Detroit, August 23.
A number of special cars will pass
through this city at that time, en-
route for the meeting and the Lima
officials will join the parties.

Dr. David Steiner was at Spencer-
ville, yesterday, in consultation with
a local physician of that place over
a serious case out in the country.

Mr. and Mrs. David Reynolds of
Mansfield, are visiting friends and
relatives in the city. Mr. Reynolds
is a student at the Mansfield reformatory
and a former Limaite.

Willis Rupert of Spencerville, vis-
ited his wife at the city hospital, yester-
day afternoon, where the lady re-
cently underwent a surgical opera-
tion. She is getting along as well
as could be expected.

Jimmie Shell has returned from a
delightful ten days' outing at Detroit
and St. Clair Flats. Some of his fish
stories are so big that they sound
mighty "strong."

Mrs. Michael, of north Main street,
has gone to Columbus for a week's
visit with her son, who is located in
that city.

W. E. Miller has moved with his
family here from South Bond, Indi-
ana. Mr. Miller is engaged at the
State hospital.

W. T. Agerter was over Sunday
at the Glenn Oak farm near Spencer-
ville. Glenn Oak is one of the finest
—if not the finest model and modern
farm of Ohio. Every known up-to-
date arrangement and machinery is
employed and the place is conducted
on strictly scientific principles. An
artificial ice plant, with a large ca-
pacity has just recently been com-
pleted and two cold storage houses
erected. L. C. LeBaron, an enter-
prising and practical man, is in
charge of the farm, under whom
twenty or more men are employed.
If you want to see a farm that is a
farm, visit Glenn Oak when in the
southwest part of the county.

Rev. Clarence Mitchell, the well
known and popular evangelist and
lecturer, is the delighted father of a
handsome son who arrived at the
home of the young minister and
his wife, on east Kibby street this
morning.

Earl Smith, of this city who has
been employed as a carpenter on
some large contracts at Cridersville,
Ohio, for several months, spent Sun-
day with friends and relatives in this
city.

R. T. Sutton, one of Amanda town-
ship's progressive citizens, was a
Lima visitor today.

S. W. Kemp, of Spencerville, one
of the largest dealers in dried hay
and straw in northwestern Ohio, was
in the city on business yesterday.

E. H. Carr and J. J. Wagner, two
of Spencerville's leading business-
men, were in the city on business
Monday afternoon.

VAGRANTS

WERE ABOUT ALL THE ACTING
MAYOR HAD TO DEAL WITH.

SENTENCED FIVE TO THE WORK
HOUSE AND PERSUADED
THEM TO LEAVE TOWN.

Mayor Fred C. Becker is still out
of the city and is not expected to re-
turn to his office before some time
Tuesday and Justice Everett is still
serving in the capacity of acting may-
or during his absence. The principal
trouble which the latter had to per-
form Monday morning in the office
of the city's chief executive consisted
largely of ridding the city of a bunch
of vagrants who had been locked up
for safe keeping during Saturday and
Sunday. Five tramps who were ar-
rested in the Erie yards or near
there Saturday afternoon, were ar-
raigned on charges of vagrancy and
train riding, and upon entering pleas
of guilty they were sentenced to
twenty days' imprisonment each in
the Toledo work house. These sen-
tences were suspended, however, on
the agreement of the prisoners to
leave the city immediately.

Three prisoners, who were arraigned
on charge of drunkenness, were
fined one dollar and costs each.

ered areas of walls. Still a good time

BANKERS

Including Former Lima
Man Held Under Bond
at Pittsburg

FORMER OFFICIALS OF FAILED
COSMOPOLITAN NATIONAL
GIVE BAIL.

FACE MANY CHARGES AS
PREFERRED BY GOVERNMENT

IRREGULARITIES ALLEGED IN
CONNECTION WITH CONDUCT
OF BANK.

Special to the Daily News.

Pittsburg, July 19.—Former Cash-
ier David J. Richardson and former
Directors A. L. Richmond, Jr., and
Frederick H. McKinney of the failed
Cosmopolitan National Bank are
under \$10,000 bail each for a hear-
ing before United States Commissioner
W. T. Lindsey. They are charged
with many irregularities in con-
nection with the conduct of the in-
stitution. The arrests were made
yesterday afternoon.

When the bank was closed by for-
mer Bank Examiner John B. Cun-
ningham, September 5, 1908, there
were rumors of misconduct on the
part of some of the officials of the in-
stitution, but nothing came of the
matter until several months ago,
when Examiner Frank E. Norris was
detained by the Treasury Department
to look into the situation. He was
assisted by W. P. Wagner, an as-
sistant examiner who was detailed for
the purpose.

Robert Lyons, receiver of the bank
had been at work on its affairs and
had succeeded in paying depositors
55 per cent, but it was generally un-
derstood the stockholders would re-
ceive nothing. This belief was
strengthened when announcement
was made that Lawrence O. Murray,
Comptroller of the Currency, had or-
dered the assessment of 2 1/2
share in order that the bank's debts
might be paid. The stockholders
formed an organization and deter-
mined to fight the assessment, but
nothing has been heard of the mat-
ter for some time, as the suits for
collection have not been entered by
the receiver.

Bail Quickly Given.

Meantime Examiner Norris and his
assistant were busy on the books of
the bank, and it has been rumored
from day to day for several weeks
that United States District Attorney
John J. Gordon had the matter well
in hand and informations would be
entered very soon. Nevertheless after-
noon when it became known that
Wagner had sworn out warrants
against the three men, McKinney hav-
ing been one of the vice presidents
of the bank.

Richardson is charged with mak-
ing false entries in the bank's books
and abstracting and appropriating its
funds. Richardson and McKinney
are accused of aiding and abetting
Richardson in the alleged juggling
of the accounts.

The warrants were placed in the
hands of Deputy Marshal George
Owens, who soon located McKinney
at a downtown hotel and took him
to the office of Commissioner Lind-
sey, where he gave bond for a hear-
ing July 22. Dr. C. F. Bingham is
his security.

Attorney James A. Wakefield ap-
peared for Richardson and gave bond
for his appearance July 23.

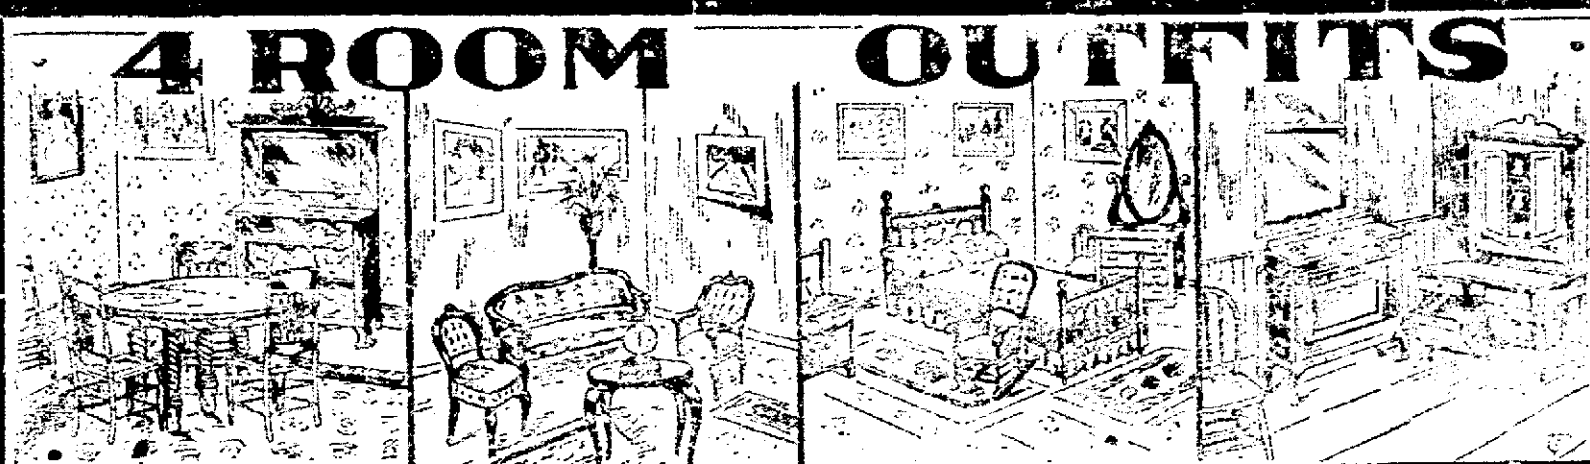

Many Charges Made.
Richardson was out of the city
when the information were entered
and it was not until almost 5 o'clock
that he appeared and gave bond with
the Fidelity Title and Trust com-
pany as security for a hearing on the
date when McKinney will be heard.
None of the accused could be located
last night.

The information against Rich-
mond and Richardson contains a large num-
ber of charges covering several
years. It is charged that on Febru-
ary 21, 1908, Richardson acting as
cashier of the Cosmopolitan National
Bank, aided and abetted by Rich-
mond, a director, made a false entry
in account with the M. Washington
Savings and Trust company.

On June 10, 1908, they are al-
leged to have abstracted \$7,500 for
the benefit of Alexander L. Rich-
mond, Jr., and the Ferguson Con-
tracting Company, while on August
28, 1908, it is alleged they misap-
plied \$3,250 for the use of the same
parties.

On June 12, 1908, and April 18,
1908, respectively \$2,500 and \$3-
000 are alleged to have been ab-
stracted by Richardson, aided and
abetted by Richmond, for the use of
the latter and the Ferguson Con-
tracting Company. The \$30,000 was in
the form of bonds of the Southern
Traction Company, the Allegheny &
Manchester Traction Company, and
the Citizens Traction Company.

Charges Against McKinney.
The information against Rich-
mond and McKinney, alleges that on
November 14, 1906, Richardson,
aided and abetted by McKinney made
a false entry in the "individual
scratcher No. 16," for \$40,000 as a
deposit from the Highland Cemetery
Company; that during February of
1907, Richardson, assisted by Mc-
Kinney, abstracted and misapplied
\$6,000 to the use and advantage of
McKinney and in November of 1906
\$7,500 was abstracted by Rich-

RUSSELL'S POINT
WAS THE MECCA FOR THE
KNIGHTS OF THE GRIP
SATURDAY.

The local chapter of the T. P. A.
and their families enjoyed an outing
at Russell's Point, Saturday. They
chartered an Ohio Electric car to
take them from Lima to the Point.
Here they were met by banquets,
chartered to take them to Clark's
resort, where they spent the day in
boating, fishing and having a gen-
eral good time.

On Tuesday the Missionary So-
ciety of the Baptist church of
this city will hold an outing
at Lakeview. Three special cars
leaving Lima at 8:30 a. m. have
been chartered from the Ohio Elec-
tric Railway company for the occa-
sion.

The Junior Order of American Me-
chanics will go into camp at Haver
Park in this city the week of August
15, to 22. The Ohio Electric com-

pany is making arrangements for
bringing the uniform rank of the or-
der from the cities of Springfield,
Dayton, Hamilton and Middletown
to Lima at that time.
